While much of the material in this database is well documented, much of it is not. Some of it has been collected from sources which are very unreliable and some is just exploratory and subject to correction and revision at any time. (That means that while some material is accurate, some is just set down in my database tentatively or even speculatively.) PLEASE COMMUNICATE WITH ME BY EMAIL, NOT POST-EM NOTES, IF YOU HAVE A QUESTION, COMMENT, OR STATEMENT OF FACT.
