## Krider's Cemetery

[Cemetery 2-07]

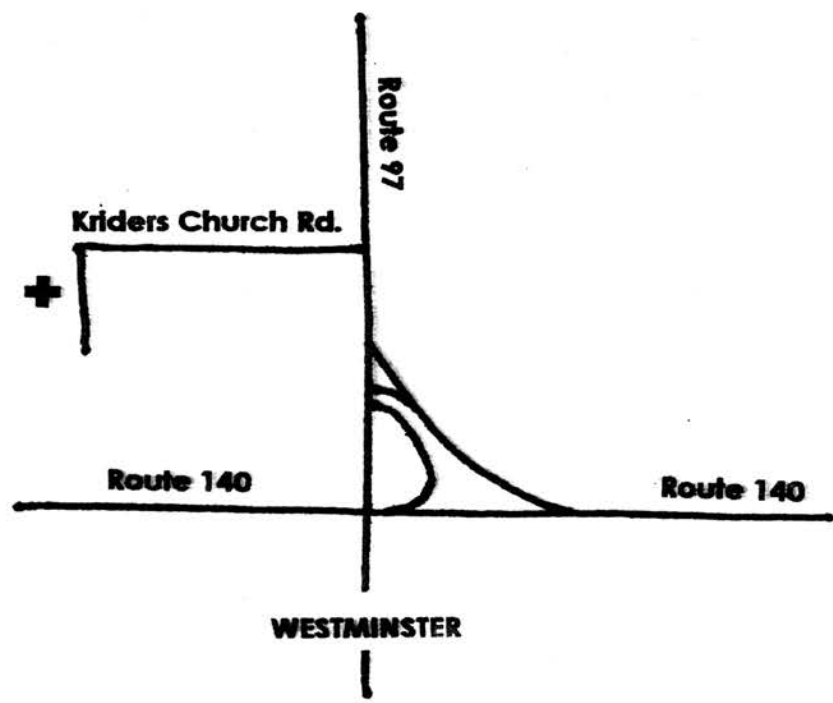

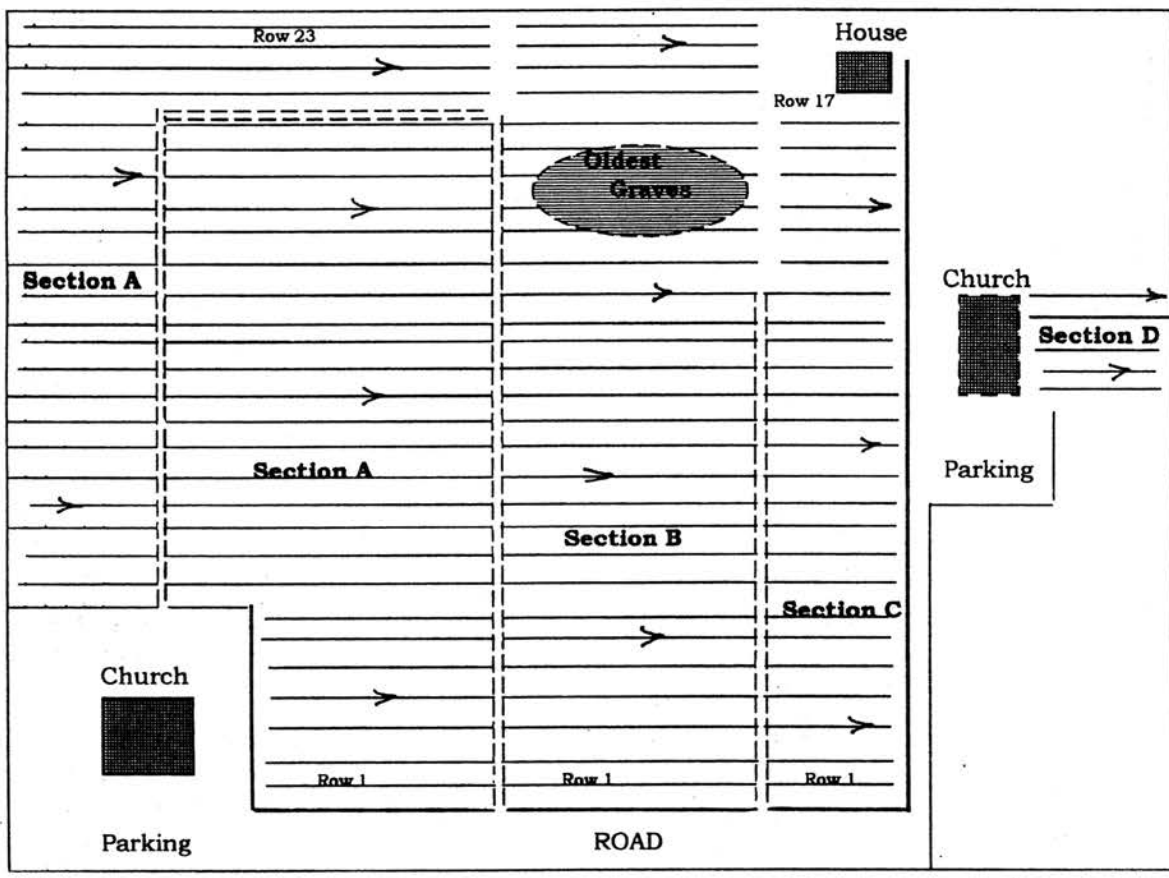

In 1763 a Lutheran congregation under Rev. Kurchner and a Reformed congregation under Rev. Jacob Lischy established a log church just north of Westminster. The cemetery associated with the union church is one of the oldest in Carroll County. Land for the church and burial ground was granted by Jacob Greider whose surname was corrupted to Kreider/Krider over the years. His child's baptism in 1754 is recorded in the history of the church.

The original church was in the center of the present union cemetery. Many early stones are written in German and at least one Revolutionary War soldier is buried there. Until approximately 1809, all church records were written in German. The log

structure was replaced in the early 1800s by a two-story brick church which served both congregations until it was destroyed in a wind storm in the late 19th century. The congregations separated and built their own churches - St. Benjamin's Lutheran and Benjamin's (Krider's) United Church of Christ - which now stand at either end of the large, well-maintained cemetery.

Scharf's *History of Western Maryland, Vol. II* (1882) included approximately 50 burials from this important old cemetery. In the 1960s, the Wm. Winchester Chapter, DAR, copied inscriptions for the entire cemetery. Members of the Carroll County Genealogical Society repeated the process, recording the information verbatim, in 1995-96. The list published here draws upon the CCGS work and Scharf's list. Eight graves recorded by Scharf were not found but are listed with an "x" designation following Section D. Stones from at least one family cemetery (Stevenson) have been relocated to Kriders.

The most common family names include: Bankert/Bankard, Bish, Bowers, Byers, Hesson, Hull, Leister, Lippy, Little, Myerly, Morelock, Myers, Orndorff, Reese, Schaeffer (various spellings), Snyder, Starner, Sullivan, Wantz/Wentz, Warehime/Werheim and Yingling. Burials and upkeep of the cemeteries are handled by both churches. ←
