I haen't done any work on the Hale line in a long time. This message of yours was written a long time ago . Do you have anything new?

What I have is from a cousin who spent years researching the Hales in Giles County. I do have some questions and would like to know what new things you may have. I am related to the Hales thru my father's family - the Bruces. Carol(myself)

Randolph Bruce (father)

Charles L. Bruce (grandfather)

Martha Hale Bruce(next generation)

John D. Hale next

Edward Hale next

John Hale next

Here it gets confusing. I have Nicholas Sr.(died 1730)
and Frances Broad

I then have George Hale (died 1698)and Ellen (died 1714)

And another Nicholas Hale who came to Tidewater Area 1645(Elizabeth City)

One of these was born in Tidewater Va. 1628(this does not make sense to me - I must be reading it wrong) and died 1871

then I have a list of children George Haile b.1647

Richard Haile b. 1650 (Mary Bullock) Wife?

Mary Haile b. 1652

Nicholas Haile II b. 1657

There is one last Haile - George Haile b. in England 1602.

20 years ago , I knew how they went. Now I need to restudy it. Do you have any of the information in order? You may reach me here or at my email
