Diann, Do you see any connection to Hans Georg and Dorthea? How? We cannot find any records that mention her at all. One thing that might have happened: Dorthea died and George remarried. An Indian lady? I have heard my entire life about there being an Indian lady who we are descended from. Cannot find it in the Osburn, Butler, etc. lines, and thought perhaps it was George who introduced an Indian lady into his family, and had Philip, etc. Did you ever hear this Indian story? We are supposed to be descendants of King Philip of the Indians. Charlotte Shintaffer, my gr. grandmother, sort of looks Indian. This is what everyone says when they see her picture.
