Note: I see most all of the ancestry Family Trees have a huge error birthdates for the Craw ancestors in America, in that they list Harlow Craws being Born in 1801, while a Father Abial was born 1801 also. They either are brothers of Cousins, and their Father had to be born, back in the 1770s-1780. I also have listed that Father found to be born in Scotland and then having died in Hartford Co., Conn., that being William Craw (possibly). Any other proof or discussion would be appreciated.
